Here are the programs we demonstrated today. Not necessarily listed in order of their presentation. The last two were not demo'ed 'cause I didn't install them.

Freecorder4

Freecorder 4 makes it easy to save video and audio from the web, and convert to many popular formats. Once Freecorder 4 is installed, just use the buttons in your browser.

Gadwin PrintScreen v4.5

Captures the contents of the screen with a single keystroke. The captured screen can then be sent to the printer, or saved to disk as a file in 6 different graphics file formats.

Gadwin PrintScreen can capture the entire Windows screen, the active window, or a specified area. The hot key defaults to the PrintScreen key, but users may also define other keys to initiate a capture. Gadwin PrintScreen allows you to e-mail the captured images.
